

M54 TO M6 LINK ROAD
SECTION 93 OF THE PLANNING ACT 2008
RULE 13(6) OF THE INFRASTRUCTURE PLANNING (EXAMINATION PROCEDURE) RULES 2010
NOTICE OF HEARINGS RELATING TO THE M54 TO M6 LINK ROAD
DEVELOPMENT CONSENT ORDER
PLANNING INSPECTORATE REFERENCE: TR010054

NOTICE IS HEREBY GIVEN that, at the date, time and location set out below, an open floor hearing will be held by the Examining Authority (appointed by the Secretary of State for Communities and Local Government) for the examination of the application made by Highways England for a Development Consent Order (“the DCO”) for the M54 to M6 Link Road (“the Application”).

The Application was made to the Secretary of State for Communities and Local Government (via the Planning Inspectorate) under sections 14, 22 and 37 of the Planning Act 2008 on 30 January 2020 and was accepted by the Planning Inspectorate for examination on 28 February 2020. The Application has been given the Planning Inspectorate reference number TR010054.

SUMMARY OF THE SCHEME

The Application seeks development consent for the M54 to M6 Link Road and would authorise creation of a strategic link between the M54 Junction 1 and M6 Junction 11 (“the Scheme”).

From south to north the main components of the Scheme are:

- Replacement of the existing M54 Junction 1 with free flow slip roads between the new link road and the M54. This would allow the freeflow of traffic between the M54 and the new link road in both directions and maintain connectivity with the existing local road network, via three new roundabouts.
- Construction of a new dual carriageway between M54 Junction 1 and the M6 Junction 11. The alignment of the carriageway would be located to the east of the existing A460 and the villages of Featherstone, Hilton and Shareshill and west of Hilton Hall.
- Dark Lane would be stopped-up between the final property and the junction with Hilton Lane.
- The realignment of Hilton Lane on a bridge over the mainline of the Scheme. The bridge would be reconstructed on a similar alignment and would provide sufficient clearance for the new road.
- Provision of an accommodation bridge and access track across the mainline of the Scheme to retain access to severed land to the east of the Scheme. The route of the new link road would then continue north to the east of Brookfield Farm to link into the M6 Junction 11.
- Enlargement of the M6 Junction 11 signalised roundabout to accommodate a connection to the new link road and realign existing connections with the A460 and M6. Two replacement bridges would be required over the M6 to provide an increase in capacity from two lanes to four lanes of traffic on the roundabout. This work would raise the height of the junction by approximately 1.5 metres.

If the DCO is made by the Secretary of State for Transport, it would allow Highways England, for the purpose of constructing, operating and maintaining the Scheme, to acquire compulsorily interests in and rights over land, including the power to create and acquire new rights over land, and to take possession of and to use land temporarily.

The DCO would also make provision in connection with several ancillary matters, for example, the temporary and permanent stopping up of streets, public rights of way and private means of access in the vicinity of the Scheme; reclassification of roads and the amendment, disapplication and modification of relevant legislation.

HEARING

The open floor hearing will be held at the following date, time and location:

Date	Hearing Type	Time	Place
Wednesday 21 October 2020	Open Floor Hearing	Arrangements conference at 9.30am* Hearing starts at 10am	Virtual event Join by digital device or telephone using details to be provided by the Planning Inspectorate
Thursday 22 October 2020 – reserved date if necessary due to overrun or technical issues	Open Floor Hearing (if required)	Arrangements conference at 9.30am* Hearing starts at 10am	Virtual event Join by digital device or telephone using details to be provided by the Planning Inspectorate

*All participants will be required to attend a scheduled call (arrangement conference) prior to each hearing. As the hearings will be held virtually, this will allow the Planning Inspectorate to explain the format, review connections and admit participants to the virtual hearing. Requests to participate or observe the hearing must be submitted to the Planning Inspectorate via the contact details set out at the end of this notice or by completing the MS Form on the Planning Inspectorate website, by 23:59 hours on 12 October 2020.

Any hearings further to those listed above will be advertised by one or more further notices. In accordance with Rule 13(3) of Infrastructure Planning (Examination Procedure) Rules 2010, as amended, the Planning Inspectorate will also notify interested parties of the date, time and place fixed for each hearing.

For more information on the hearing, the examination of the Application and full timetable (and any amendments to it), including how and when to register to speak at the hearing and how and when to make written submissions, please contact the Planning Inspectorate using the details below, or visit its website where procedural decisions and notices of hearings are available to download:
