An online exhibition will take place on:

**Tuesday 3rd of August 2021
between the hours of 3pm and 6pm
via www.fifeaffordablehousing.co.uk**

Members of the design team and Fife Council will be available during this time to answer any questions on the proposed affordable housing sites. The website is live from the date of this advert and will remain live for a period of time following the exhibition for members of the public to view the proposals.

Please note this is not a statutory public event as the sites do not class as Major planning applications that require a statutory public consultation. This is simply an exhibition to provide members of the public and relevant stakeholder an opportunity to view the design proposals for each site prior to formal planning applications being submitted.

Comments on the proposal during this information-based exhibition are to the prospective applicant and their design team, not a formal representation to Fife Council. Once planning applications are subsequently submitted, neighbour notification and publicity will be undertaken at that time and you will have the opportunity to make formal representations directly to Fife Council during the statutory notification period.
